Sample Collection Summary - Ground Water Samples
Site -Wide Ground Water RIR
Hoffmann-La Roche Inc., Nutley, New Jersey

On-site/Offsite	Borehole/Well Identification	TRC Sample Identification	Environmental	QA	Collection Depth/Interval	Date Collected	VOCs	SVOCs	Total Metals	Dissolved Metals	Pesticides
-----------------	------------------------------	---------------------------	---------------	----	---------------------------	----------------	------	-------	--------------	------------------	------------

Note:

Samples collected on the same day with (A) and (B) suffixes are duplicate samples for QC

* This VOC sample was collected before the Passive Diffusion Bags had been in the well the required minimum number of days so a new bag was installed and sampled after the required time had passed.

**These samples were not included as they were grab samples rather than PDB samples. They were used on the figures.
